

Here is a structured **IGNOU Programme-Wise Book/List Resource Guide** you can use to locate the official study materials (“books”) for any IGNOU programme. IGNOU does **not publish one single consolidated programme-wise book list in plain text**, but the official repository *eGyanKosh* and IGNOU’s portals allow you to access/download **programme-wise study materials (SLM)** for all programmes.

1. Primary Source: eGyanKosh – Official IGNOU Digital Repository

What it is

eGyanKosh is the official digital repository containing **self-learning materials (SLM)** for all IGNOU programmes (course books, modules, units) in downloadable PDF format.

How to use it

1. Visit **eGyanKosh**: <https://egyankosh.ac.in/>
2. Choose “**Communities**” → “**IGNOU Self Learning Material (SLM)**”.
3. Search by **Programme / Course Code** (e.g., *BAG, BCOM, MBA, MCA* etc.) or **subject code** (e.g., *BAG-101, ECO-12*) to get the module PDF files.

Notes:

- All officially prescribed study materials published by IGNOU are available here.
 - Materials are available in multiple languages (Hindi/English) where applicable.
-

2. IGNOU Programme Guide and Printed Books

University Programme Guide

Each programme has an official **Programme Guide** (PDF) that includes details on:

- Courses included in the programme
- Credits and syllabus units
- Prescribed study material outlines per course

These guides are often available on IGNOU official website or regional chapter pages.

Example:

- **BAG Programme Guide** contains information on the Bachelor of Arts programme (core and elective courses).

Printed Study Material

Students who opt for printed material during admission receive physical books by postal delivery, which are structured “books” covering each course for the programme.

3. Candidate Tools & Portals

IGNOU Portal – Study Material Status

Through the official IGNOU site, you can check the **Study Material Status** and download PDFs for current syllabus/academic session materials.

- **Student Services ► Know Your Status ► Study Material Catalogue / Download**
This provides links to online material corresponding to your registered programme.

Example Course-Wise Download Lists

Third-party compilations (mirror sites) list **course codes and titles** with links to PDFs grouped by programme. These are unofficial but can speed up access.

Example syntax from one such list:

Programme	Course Code	Course Title
BA Economics	BAECO101	English – 1
BA Economics	BAECO102	Principles of Economics
BA Economics	BAECO103	Mathematics for Economic Analysis

4. Unofficial (Supplementary) Study Guides & Help Books

While not officially published by IGNOU, several publishers produce **programme-wise help books & guide books** that align with the syllabus and subject codes. These are widely used for exam preparation:

- Hard copy/soft copy study guides indexed by **subject code** (e.g., ACC-01, AED-01, AMK-01).
- “Combo” bundles for semester programmes like BAG semester books in sets.
- Exam preparatory guides with solved questions, summaries, and notes.

These are supplementary and not replacements for official SLM from IGNOU.

5. How to Find Your Programme-Wise Book List

To compile a definitive **programme-wise book list** for any specific IGNOU programme (e.g., *BCA*, *MBA*, *MA Education*, *BCom*), follow these steps:

1. **Identify the Programme Code** from IGNOU (e.g., *MCA*, *MBA*, *BAG*) — available via IGNOU admission portals.
2. **Access eGyanKosh** and search using that programme or course codes.
3. **Download SLM PDFs** corresponding to that programme's courses.
4. Optionally, obtain the printed books from IGNOU or buy supplementary guide books by subject codes.
